## Schools to Be Discussed at Dinner Meet

Results of Recent Survey to Be Offered Thursday, April 25

Meeting Should Be Attended By Every Interested Resident

The coming meeting for the discussion of the school conditions scheduled for Thursday, April 25, was the most important matter up for discussion at the regular meeting of the directors of the chamber of commerce Monday night.

E. D. Burbank, chairman of the education committee, stated that results of the recent survey will be shown by maps and figures and the entire findings will be presented from the standpoint of modern usage in school plant developments. The survey was made by experts from the Pasadena schools, headed by Supt. John A. Saxon and was made in a most thorough manner. Maps are being prepared for presentation and will show in detail why and how certain things should or should not be.

It is understood reports on the various phases of the school investigation will be made as follows: George H. Merideth on buildings; Minor B. Phillips on finance; C. H. Peterson on health; Dr. W. H. Hughes on attendance; C. F. Martin on recreation; Supt. John A. Saxon on general recommendations. Miss Elizabeth Steinberger, superintendent of the Sierra Madre school, has extended an invitation to H. S. Upjohn, newly appointed county superintendent, to attend the meeting.

The meeting of April 25 will open with the regular monthly dinner, to be served in the Woman's club house at 6:30. Those who have attended the past two dinner meetings know what to expect in the way of "eat" and that's enough said, the hundred and fifty tickets should be sold without solicitation on the part of the directors of the chamber of commerce. The tickets, by the way, were distributed Monday night and may be procured from C. B. Klunk, J. E. Carpenter, R. C. Copenhagen, W. E. Pratt, E. D. Burbank, R. W. Stewart, J. C. Heasley, T. M. Webster, Ray Grant, Miss Elizabeth Steinberger, Miss Laura Cadmus, Mrs. W. C. Gruit, J. R. Eastwood, and at the Sierra Madre Hardware and the Sierra Madre Garage.

Mrs. J. Milton Steinberger was recommended for a place on the Woman's Division, Tournament of Roses committee, at the request of the division chairman. Mrs. Steinberger has had charge of the Sierra Madre float the past several years and has been largely instrumental in the splendid work accomplished. Mr. Burbank suggested that Mrs. Steinberger be asked to start a movement to form a new class of floats to include the smaller cities that have provided entries made entirely by local people, without the help of high-priced experts such as are employed each year by the larger cities. The board concurred in this recommendation.

G. W. Wetherby, district passenger agent of the Southern Pacific, appeared before the board of directors and asked favorable consideration of a protest being made by the S. P. against a railroad project by the Great Northern-Western Pacific, which he stated would parallel the S. P. and serve the same territory. The new road would be built from Klamath Falls, Ore., to Keddie, Calif. It is now before the state railroad commission. Action will be taken later by the local body.

Joe R. Eastwood, chairman of the special committee on sewers, reported on the recent trip to the Pasadena farm. He also presented a map showing the probable route of a trunk line to the Pasadena sewer farm, and also the proposed tri-city plant at Monrovia. The committee is gathering data on the subject, to be presented at a mass meeting some time in May. A meeting has been arranged with City Engineer Earle of Pasadena, for today. On Monday the committee members and many other interested citizens will go to Pomona.

A meeting of the Merchants Committee is called for this evening at 7:30 in the city hall. All business men of the city are invited and Ray Grant, chairman,

(Continued on Page Eight)

## INSPECTION OF POMONA SEWER DISPOSAL PLANT TO BE MADE MONDAY

The problem of joining or remaining out of Metropolitan Sewer District No. 7 will be up for consideration in Sierra Madre some time in June.

In furtherance of the plan sponsored by the chamber of commerce to gather all possible data on disposal plants, a delegation of local residents will go to Pomona on Monday to inspect the plant in that city. The trip was arranged by City Engineer O. A. Gierlich. Alva J. Smith, a representative of the firm which built the plant will be present.

Cars will leave the city hall at 9 o'clock sharp, and the delegation will return at noon, the entire trip taking three hours. Anyone interested is invited to make the trip.

## Banner for Convention Attendance

Bethany C. E. Delegation at Pomona Brings Home Honors

A large delegation representing the Christian Endeavor Society of Bethany Church went to the annual Christian Endeavor convention in Pomona in session from Friday to Sunday. They not only had the enjoyment of inspiring sessions but brought home attendance honors as well.

The intermediate class which won the attendance banner included Catherine Moote, Frances Lacey, Janet Murray, Wilma Morrow, Merrill and Ben Smith, Billie and Roy Edwards, Edward Daily, Edward Bayard, Jack Jensen, Don Smith, Morris and Gaylord Fox and Fred Gunness.

Others in the delegation were Doris Bayard, Dorothea Cox, Cora Shattuck, Lucile Ladd, Margaret and Dorothy Moote, Graham Smith, Paul Ladd, Howard Sutherland, Mr. Reynolds, Lorain O'Banion, Mabel Sutherland, J. O. Smith, Mr. and Mrs. J. W. P. Calhoun, Mr. and Mrs. F. D. R. Moote.

## Andrew Buchan Is Called to Rest After Long Life

Andrew Buchan passed away Tuesday evening at the home of his daughter, Mrs. Robert M. Finlayson, after an illness which had kept him confined to his bed for many months. He was 75 years of age, a native of Kinross Shire, Scotland, and had had an interesting and eventful life.

After completing his education in Scotland, Mr. Buchan followed his intense desire to come to America, and came to Detroit at the age of 19, remaining a year or two. Returning to Scotland, he followed mercantile pursuits until 1907. The ambition to make his home in America had never left him and he came to America again in 1907, going first to Seattle. About nine years ago he came to Sierra Madre. For a time he operated an apary in cooperation with his sons.

All through his life Mr. Buchan was a student of ancient history, ethnology and philosophy. His reading covered a wide range and gave him an unusual culture. His fine mind and character caused him to be held in high regard by all who knew him.

Mr. Buchan's wife passed away 31 years ago. He is survived by four children, David Buchan, John Buchan and Mrs. Netta Finlayson of Sierra Madre and Mrs. James Wylie of Scotland. The latter was a missionary in Africa for 20 years. Simple funeral services were conducted Thursday afternoon by Rev. A. O. Pritchard of the Congregational Church, interment taking place in the Sierra Madre cemetery.

The Women's Overseas Service League of the 9th Corps Area will hold its semi-annual rummage sale in Pasadena on April 27. Mrs. J. Milton Steinberger, who is a member, asks for contributions of clothing, fancywork, bric-a-brac, discarded silk stockings or underwear. If donors will phone Main 110 she will arrange to have the packages called for on April 26.

## Paving For East Grand View Asked

Petitioners Would Improve Important Link In Highways

Special Meeting of the City Council Handles Many Matters

Petitions asking for the improvement of East Frank View Avenue with 3-inch oil macadam paving were presented to the city council at their special meeting on Tuesday. This improvement would remedy the present condition of the street from the end of the Vogel tract to the head of Santa Anita Avenue. It would form an important loop in the highways of the neighborhood.

The petition represented the Sepulveda, Dickinson, Lannon, Seyler and Armstrong properties, as well as interests of the Security-First National Bank and Title Insurance and Trust Co. It was referred by the council to City Engineer Gierlich for checking and report.

Contract for construction of retaining walls on the south and east side of the new Grove Street reservoir was awarded by resolution to H. H. Steinberger, the low bidder.

Engineer Gierlich reported he was not yet ready to report on the bids for water pipe contracts which were opened at the previous meeting.

City Attorney Wygant reported the canyon swimming pool bonds would be ready for delivery during the week. The council authorized delivery to Louis Dietz, city clerk, with authority to receive payment for them from Louis Denny, who was the only bidder.

Plans for the bath house in connection with the pool were discussed by Engineer Gierlich and a committee from the Canyon Improvement Association. The plans include the public comfort facilities authorized by the council.

When the bill of \$1096.50 for the new Chevrolet dump truck was presented at in a lump it evidently took some of the councilmen by surprise. Mayor Lawless wanted to know if it did not violate the legal requirement of calling for bids on all purchases over \$300. Attorney Wygant said it was a non-competitive purchase and he thought payment in a lump sum would be legal. But Mayor Lawless insisted he must be dead sure of the legality before he would vote for the expenditure and it was laid over for a week for further consideration.

Harry Arden, 529 West Live Oak Avenue, requested the council to provide some relief from the dust nuisance on that street. The matter was referred to the street committee.

## Ellen Beach Yaw To Give Program At Woman's Club

Madame Ellen Beach Yaw, world famous coloratura soprano, will give the members of the Sierra Madre Woman's Club a rare treat at their regular meeting next Wednesday afternoon. She will give a program of songs, with Miss Georgiella Lay as accompanist.

Mme. Yaw's gracious personality and complete understanding of her songs add wonderfully to the delight of listening to her voice. The club officers feel they are very fortunate in securing her and are anxious that she be greeted by a large audience.

## News Birthday Story is Read by Many Old Friends

Frank B. Seeley, whose 90th birthday was celebrated last month, continues to receive congratulatory letters and newspaper clippings from old friends in the east. He says the story from the News was reprinted in just about every newspaper from Buffalo to Rochester and by reason of that publicity his old friends have been writing him from all over Western New York. Among them was a fine letter from Judge Fred Ackerman, chief justice of the court of claims for the state of New York.

## Smith Wedding Is Planned to Evade Friends

The wedding of Miss Madeline Smith and Mr. Emil Smith was solemnized Saturday morning by Rev. A. O. Pritchard. The young couple had determined upon a quiet wedding and also upon eluding their watchful friends who had been on the lookout since the arrival of Miss Smith from the east on Friday. Accordingly they went to the Pritchard home for the ceremony, after which they left for a short wedding trip before returning to the home on Wilson Avenue, which Mr. Smith has had in preparation for some time.

The bride is the daughter of Mr. and Mrs. Timothy Smith of Cleveland, Ohio. She has many friends here, gained in the course of a stay of several months last year. The groom is the son of Mr. and Mrs. Edson Smith of West Montecito Avenue. He is a popular member of the Sierra Madre post office force.

## Masons Join In Program For Schools

Lodge Waives Its Annual Public School Week Observance

For more than ten years it has been the established custom of the fraternity of Free & Accepted Masons in California to devote the last week in April to the observance of Public Schools week. All over the state the Masonic lodges have held public meetings in their various communities.

At these meetings discussions were held for the purpose of stimulating interest in the public schools and their work. They were made community affairs. Other organizations cooperated, including Protestant and Catholic churches and civic bodies. The observance was started to meet a particular situation when support of the schools seemed to be waning. It was so successful in the beginning that it has continued as an increasingly profitable event each year.

When the Sierra Madre Masonic lodge received word announcing that next week would be devoted to the usual public school observance, the community school meeting for report on the school survey had already been announced for next week by the chamber of commerce school committee. Announcement of this meeting, its scope and purpose, is found elsewhere in this paper.

This community meeting was planned as such a thoroughly constructive effort that it seemed to H. H. McMillen, master, and the officers of the lodge, to deserve united support. To arrange such a meeting as the lodge has held in years past during public school week would have tended to divide interest. It was felt that the meeting of next Thursday night is fully in accord with the spirit and purpose of their own customary observance. That is to promote the welfare of the schools without attempting to put over any particular program.

Accordingly, Mr. McMillen announced that the support of the lodge members would be given to the chamber of commerce school meeting and joins in the plea for as large an attendance as the woman's clubhouse will hold.

## New Ice Storage Plant Soon Ready For Hot Season

The Sierra Madre Ice Company will soon have fine new quarters at the property on East Montecito Avenue to take care of the summer rush of business in low temperatures. The building now nearing completion has a large ice storage room of modern type. It is heavily insulated with felt and cork two inches or more thick. In addition the loss thru melting will be reduced to the absolute minimum by the use of automatic electric refrigerating machinery. This will keep the storage room at uniformly low temperature.

In addition to the ice storage room, the new building contains commodious office quarters. Thos. Miller, local manager, is looking forward with pleasure to the use of the new quarters during the rush season.

Anyway, the I'm Alone tried to be—New York Evening Post.

## Fine Talent Is Combined In Recital

Miss Orlene Burrow to Give Violin Numbers On Program

Donald Thayer Also to Have Assistance of Oscar Rasbach

Announcement that Donald Thayer, popular baritone, would be assisted in his song recital of April 30 by Miss Orlene Burrow, violinist, has brought keen satisfaction to Sierra Madre music lovers. Two groups of violin numbers will be interspersed among the delightful song selections to be given by Mr. Thayer.

Miss Burrow, pupil of Oskar Seiling, has recently returned from her home in Texas after a concert tour which was little short of a triumph. In her home city, the Ft. Worth Star-Telegram reviewer said: "Miss Burrow played wonderfully. There was a sureness and a poise about her as she played most surprisingly for one so young. Her thorough mastery of her instrument was reassuring. . . . Difficult numbers involving much technique and entrancing melodies were handled with the same excellence of execution and imagination."

The Shreveport (La.) Journal reviewer said: "This wonderful girl, Orlene Burrow, has been studying the violin since she was six years old; she is now seventeen and, while her mother modestly admits she is not yet a 'finished' violinist she does not, personally, see what else can be necessary. She has complete control of her instrument, a very fine one, by the way; she has splendid poise and stage presence. . . . Her program contains numbers that are 'showy' but in the main they are tuneful, and that is what the average man or woman relishes most as a musical dish."

Oscar Rasbach will play the accompaniments for Mr. Thayer and Miss Burrow. Mr. Thayer will sing two of Rasbach's songs, as well as many other interesting numbers. With one exception the songs will all be sung in English.

## R. M. Finlayson Tells War Trials At Kiwanis Meet

One of the most effective arguments that could be made for world peace was that presented by Robert M. Finlayson at the Glendora Kiwanis Club meeting last Friday. The program was staged for the new club by Sierra Madre Kiwanians, with President Ray Grant presiding.

Entertainment numbers were given by Joe R. Eastwood and his guitar with some of his Spanish and other highly seasoned songs, which made a great hit; and by Gustave Rihder, the club pianist, who dazzled the assembly with a brilliant piano selection.

Mr. Finlayson's talk was not an argument. It was a simple recital of personal experiences in the Canadian forces. In his three years of service there were nearly two years when he was not more than six miles from the front-line trenches. Just glimpses here and there of the things he encountered gave a gripping vision of the useless waste of human life and property, the inefficiency and futility which characterize all wars. It was easy to see, in the light of profiteering and graft which were in evidence to the enlisted men, why there was a widespread tendency to bolshevism at the close of hostilities. Mr. Finlayson said he realized the difficulties in the way of permanent peace, but believed the spirit of international comity being developed through such organizations as the service clubs would have a powerful influence.

At Tuesday's meeting of the Sierra Madre club the members furnished their own entertainment. The names were drawn by lot and each was given two minutes to talk about his own line of business or how he happened to start in it. The talks were snappy and to the point, and some contained interesting revelations. Some prizes had been provided but the talks were so uniformly good that President Grant suggested they should be awarded by lot. Frank Spencer and Charlie Klunk were the lucky members.

## LOCAL MERCHANT IS HELPING BUILD YOUR COMMUNITY

Your local merchant has his home here, his interests here, and his friends here.

Your local merchant expects to stay here. He must build his business on the foundation of friendship and good will. He can only get that by giving good service to the people among whom he lives.

Doesn't it stand to reason that the local merchant must be dependable?

Sierra Madre has a very low rate of business mortality compared to other communities. That means Sierra Madre merchants are dependable. Otherwise they could not continue in business in the same old field. They deserve your patronage and cooperation.

## Out-door Play To Be Staged Here in July

Date Is Postponed Because of Uncertainty of Weather

The Community Players have postponed the Shakespearean play scheduled for presentation in the City Park late this month, to a date sometime in July. Weather conditions and desire to stage the out-door play more elaborately than had at first been planned are responsible for the decision.

The program as now drafted will present four or five scenes from Shakespeare's "Midsummer Night's Dream." Special musical numbers, instrumental and chorus, will be provided, and the entire production staged in a manner that will be tremendously entertaining. The out-door setting at the park will permit of superb scenic effects.

The production is to be offered as the Community Players gift to the city under the auspices of the chamber of commerce entertainment committee, of which W. R. Humphries is chairman.

Harry H. Gibbs, father of Austin Gibbs of Sierra Madre, passed away at his home in Pasadena Tuesday, April 9. He was 69 years of age and had been a resident of Pasadena twenty years. Funeral services were held on Friday, interment taking place at Forest Lawn. In addition to his wife, Mr. Gibbs is survived by five children, Mrs. C. Cummings, Mrs. Laura Shoebridge, Mrs. J. J. Potter and P. J. Gibbs of Pasadena, and Austin Gibbs.

Another difference between the United States and Mexico is that Mexican ex-presidents don't write magazine articles. — San Diego Union.

## Miss Vannier and The Rev. Kneeland Married Monday

The marriage of Miss Florence Emilie Vannier, daughter of Mrs. Marion Vannier, 153 South Hermosa, and the Rev. Martin Dwell Kneeland, was solemnized in Christ Church, Ontario, on Monday, April 15, at 10 o'clock. The Rev. Anthony Dexter of South Pasadena performed the marriage ceremony and was celebrant at the nuptial mass which followed, assisted by the Rev. Richard Gushee, rector of the church, and the Rev. Fr. Gutschall.

The bride wore a white embroidered silk dress, with ermine fur and picture hat. Her bouquet was of lemon colored and white sweet peas with valley lilies and maidenhair ferns.

After a wedding breakfast served the bridal party at Hotel Casa Blanca the bride and groom left for a short motor trip. It will be good news to their friends that they will not leave Sierra Madre but upon their return will make their home temporarily with the bride's mother, Mrs. Kneeland has been deservedly popular for her church and charitable activities. She has given especial attention to the work of the Red Cross and the administration of local relief funds. The groom is well known in clerical and scholastic circles, having been rector of the Church of the Ascension and previously a member of the faculty at the University of Southern California.

## Voters Will Give Verdict On May 27

Recall Election Date is Set by Council at Special Meeting

Statement Is Issued for Publication by Councilmen Under Fire

Recall election Monday, May 27. Registration of voters closes at midnight, April 26.

Nominating petitions for new candidates must be filed not less than 20 days prior to the election.

May 27 was set by the city council Tuesday afternoon as the date for holding the election recalled by petitions asking the recall of Councilmen Henry Isaacs and Joseph Belohlavek. The resolution presented by City Attorney Wygant suggested May 28 for the date. City Clerk Dietz said that would be over the legal limit which specifies not less than 35 nor more than 40 days. Mr. Wygant contended 45 days was the limit, but Mr. Dietz produced the revised statutes to prove his contention. So May 27, the last day, was agreed upon.

For this election the city will be divided into two voting districts. Voters from the regular precincts 1, 2 and 3 will vote at the city hall. Voters from precincts 4, 5 and 6 will vote at the Olsen shoe store, 34 North Baldwin. With nearly 2,000 voters registered since January 1, 1928, a very heavy vote is expected.

Election officers for precinct "A" will be John C. Dickson, 169 West Montecito, inspector; Hulda O. Ingraham, 617 West Montecito, judge; Daisy V. Darbour, 59 N. Sunnyside, clerk; Tillie M. Stimpfing, 239 West Laurel, clerk.

Officers to serve in precinct "B" are George D. Johnston, Sr., Woodland Drive, inspector; Marion E. Lees, 74 East Central, judge; Ethel H. Hawks, 80 East Grand View, and Marie C. Lord, 52 West Grand View, clerks.

Messrs. Isaacs and Belohlavek have issued the following joint statement for publication:

"Carrying out the principles for which we have always stood, to act in accordance with the wishes of the people, we are very glad to have set this election at the earliest date possible, without resorting to any of the legal technicalities for delay which were open to us.

"The issues involved in this recall action have been so completely misunderstood and so generously misrepresented that we are gratified to have the opportunity of allowing the voters of Sierra Madre to settle the matter once and for all.

"It is our belief that the interim of six weeks between now and the election day will afford an opportunity to bring out the real facts of the questions at issue, and we are willing to abide by the decision of the voters, in the full confidence that, when the truth is presented, all right-minded citizens will realize that our every official action has been predicated on the sincere desire to serve the best interests of the city and the taxpayers.

"We haven't the slightest ill feeling toward those who have instigated the recall nor toward those who signed the petitions. Many of the latter have already indicated to us that they signed them under a misunderstanding of the situation and have expressed regret for their action."

## Milk Protected By Double Caps Now Offered Here

Double caps for milk bottles are an innovation put into local use by the Little Rock Dairy of which Mr. Madsen is proprietor. The milk is sealed in the bottle by the usual method, and the outer cap covers the entire top of the bottle. In this way it is kept clean in handling and protected from all the things that can happen to milk bottles, as they are usually left standing on door steps upon delivery. The Little Rock Dairy makes local headquarters at the Home Bakery.

Dr. Frank B. Olds, a former resident of Denver, has taken out a permit for erection of a \$15,700 residence at 622 West Montecito Avenue. This is the largest residence building permit issued for some time by George Cox, building inspector.

## Merchants Trim Visitors In Fast Game

New Battery Works to Perfection in 13 to 6 Contest

The Sierra Madre Merchants defeated the Pasadena Red Sox on Yerxa's diamond last Sunday. "Monte's" pitching arm, together with Kellogg's fine exhibition behind the bat, showed the best battery we have seen this year on the local field. With the lines more finely drawn after three weeks of series play, the competition in all sectors will be much keener.

Next Sunday the locals will again endeavor to show our public-spirited baseball fans that they can play ball—when backed by a grandstand loaded with encouragement.

From indications thus far in the season, the Merchants, low kicks in the league standing, were set for a good game Sunday, with expectations of building up a stronger lead against the coming opponents. If they do as well in the future as they did Sunday, we will shed no tears for our standing in the league.

We only hope, fans, that by getting your moral and financial support, we can make Sierra Madre a baseball town. We realize that we played bum baseball for a few Sundays, but you can't build a solid foundation under any organization until several experiments have been made and approved by the general public. Games played on Yerxa diamond from Sunday on will be in print. "Monte" Temple, pitcher, and Kellogg, former star receiver for U.S.C. varsity, were the outstanding stars of the game. Monte is trying out with the Oaks today and may be a league prospect. Kellogg is also pretty near professional calibre. Langworthy at second, also played a bangup game, and few bases were pilfered by the opposition.

The score wound up 13 to 6.

Have your navel orange trees pruned now by Brown's Landscaping. Green 111.

The Los Angeles chamber of commerce will sponsor a nine-day trip to the Hawaiian Islands, the tour to start July 27. The public will have an opportunity to take up the reservations remaining after a certain date.

### TRY WINKING AT HIM

A father took his little boy, Billy, to the park, and there the youngster saw a stork among other interesting exhibits. The boy seemed to be greatly interested in the stork, and looked at him, as long as he could. Then, turning to his father, he said disappointedly: "Gee, Daddy, he never recognized me."—Children.

### PLAYING THE GAME

Friend: "What did you do when you found out your husband was leading a double life?"

Wife: "Oh, I redoubled."—Life.

Some Louisiana legislators seem to think it won't be long now.—Dallas News.

Civil war has broken out in China again, which, considering the record of the past eighteen years, only shows what a peace-loving people can do if they try hard enough.—Boston Globe.

There are people far back in the mountains of Tennessee and Kentucky who are so ignorant they live a hundred years.—Kay Features.

Write for our free booklet, entitled "Keep a Clear Head." Nokitier Pharmaceutical Co. Dept. 6, Pasadena, Calif.

## Ramona Pageant To Draw Huge Crowd to Hemet

Final preparations for the 7th annual Ramona Pageant, to be given April 20-21, April 27-28 and May 4 and 5, are now being made by the people of Hemet and San Jacinto and there is every indication that the play this year will be far more elaborate than in any of its previous seasons. The cast has been enlarged and this year will include nearly 200 men, women and children who will reenact the thrilling and romantic incidents of Telen Hunt Jackson's immortal novel which had its setting in the Hemet-San Jacinto Valley.

The Romano Pageant is strictly a community enterprise and the profits of the production one year are devoted to enlarging the scope of the play for the next. The Ramona Bowl, a natural amphitheatre at the foot of Mt. San Jacinto, has become world-famous as the setting for the dramatization of the story. Comfortable seats are provided for 5000 patrons and there is already a large advance sale of reserved seats.

Hemet and the Ramona Bowl are reached over excellently paved highways from all parts of California. The play starts at 3 each day and ends just the sun goes down over the mountains that envelope the theatre.

## Fine Bills at Lyric Theatre In Monrovia

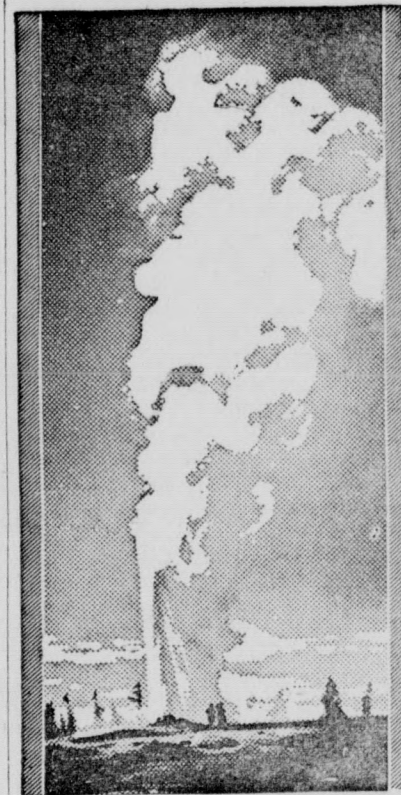

Monrovia Theatre Making a Great Hit With Local Movie Fans

The Lyric Theatre at Monrovia is proving a Mecca for Sierra Madre theatre goers, since the installation of the "talkies" under the direction of Manager A. J. Myers. Late releases which have been playing in the best downtown theatres are being shown, some of them simultaneously with the downtown showings, and all produced in the Lyric with true "big time" atmosphere.

Sunday and Monday, Charles Rogers and Nancy Carroll appear in a Paramount talking and singing picture, "Close Harmony," spoken of by the critics as an unusually enjoyable picture. Vitaphone act and a Charley Chase comedy complete the bill.

Tuesday, Wednesday and Thursday, one of the most unusual and most popular films produced by the "talkies," "Hearts in Dixie," is presented. Criticisms in the downtown press and by local people who have seen the picture, unite in giving it highest praise. The joys and sorrows of the colored people are faithfully depicted and one is moved from laughter to tears—and back.

"The Greyhound Limited," with Monte Blue as the hero, is the headliner for Friday and Saturday of next week. It is a thrilling melodrama of railroading, and is done with characteristic Monte Blue excellence. Two Vitaphone acts, Movietone News and the organ recital unite in a "bill" of great interest.

## Yellowstone Vacation Thrills in GEYSERLAND!

WHERE astonishment becomes a constant emotion! Geysers roaring upward in clouds of steam... murmuring paintpots, oozing scarlet and gold... hills of sulphur... hissing crevices... whole regions scared and twisted by ancient volcanic fires!

Then, around the turn in the road, spectacles entirely different! Pine clad forests, and flower-strewn meadows alive with friendly bears, bison and deer! Giant canyons and lofty cataracts, surmounted by snow clad peaks! The greatest variety of natural beauties and wonders of any place on earth.

You can go directly to the gate of Yellowstone on Union Pacific's splendidly appointed trains, and through the park in big, comfortable buses.

## West Coast Marine Holds Rifle Record

Many California boys, arriving at the big Marine Corps post at San Diego for their preliminary training, are introduced to Sergt. Dean R. Penley. He is the holder of the world's record for the military qualification course, a test which is given to all service men to determine their skill with the regulation rifle. The sergeant made a grand total of 348 points out of a possible 350, the highest mark ever reached in shooting this course.

When he arrived at San Diego he was promptly assigned to duty on the rifle range. Now he is kept busy instructing newly-enlisted Marines at the California naval base the fine art of hitting the bull's-eye. And he knows now, too. All of the medals he is wearing are tributes to his marksmanship.

## Eagle Rock Family Buys Residence In Sierra Madre

Mr. and Mrs. A. C. Gerschler of Eagle Rock have purchased a home in Sierra Madre and will reside here in future. A letter from Chas. A. Butler, secretary of the Eagle Rock chamber of commerce, speaks very highly of the newcomers, speaking especially of Mr. Gerschler's work among the Boy Scouts of that little city. They will undoubtedly be extended a warm welcome by local residents.

## NOTICE OF COMMISSIONER'S SALE ON FORECLOSURE

No. 265773  
In the Superior Court of the State of California, in and for the County of Los Angeles.  
LOS ANGELES FIRST NATIONAL TRUST & SAVINGS BANK, etc., Plaintiff.

JANE HOLLISTER, a widow, Defendant.

Under and by virtue of an order of sale and decree of foreclosure and sale, issued out of the Superior Court of the State of California, in and for the County of Los Angeles, on the 8th day of April, 1929, in the above entitled action, wherein the above named plaintiff obtained judgment and decree of foreclosure and sale against Defendant, on the 4th day of April, 1929, for the sum of Fifty-one Hundred Eighty-five and 02/100 Dollars gold coin of the United States, plus interest and costs, which said judgment and decree was on the 6th day of April, 1929, entered and recorded in Judgment Book 671 at page 184 et seq. (to which judgment and decree reference is hereby made), I am commanded to sell at public auction all the following described premises, situate, lying and being in the City of Pasadena, County of Los Angeles, State of California, and bounded and described as follows, to-wit:

Lot seven (7) of the Sheldon G. Smith Tract, as per map recorded in Book 5, Page 104 of Maps, in the office of the County Recorder of said County.

PUBLIC NOTICE IS HEREBY GIVEN that on Wednesday, the 8th day of May, 1929, at 12 o'clock noon of that day in front of the Court House door of the County of Los Angeles, Broadway entrance, I will, in obedience to said order of sale and decree of foreclosure and sale, sell the above described property, or so much thereof as may be necessary to satisfy said judgment with interest and costs and expenses of sale, to the highest and best bidder for cash, gold coin of the United States.

Dated April 8, 1929.  
B. E. ALLEN,  
Commissioner appointed by the said Superior Court.

BROOKS GIFFORD,  
Pacific Southwest Bldg.,  
Pasadena, Calif.  
Attorney for Plaintiff.

### TROJAN WOMEN ARE ENTERTAINED

The Trojan Women's Club of Pasadena held a musicale at the home of Mrs. Anna Mary Magnuson, 70 South Greenwood Ave., Pasadena, last night. Mrs. Magnuson was assisted by Miss Pauline Handy, Mrs. George B. Morgridge and Miss Elizabeth Harkness. In addition to entertainment with musical games, a program was given with numbers by Miss Mabel Oakes, soprano; Mrs. Georgia Curtis, pianist; Miss Evelyn Caldwell, reader; and Miss Elizabeth Morgridge, violinist, with accompaniments by Mrs. Morgridge.

### CARD PARTY AT ST. RITA'S

Mark the date, Tuesday evening, May 7th, on your calendar. On that date St. Rita's next bridge and five hundred party occurs. Mrs. Ralph Solury, Miss C. Reynolds and Mrs. Leslie Wynne are hostesses for the evening. They are zealously planning to make the party most enjoyable for all who attend. This is the third party of the series and it is earnestly hoped there will be a large attendance.

### MISSIONARY MEETING APRIL 23rd

The next missionary meeting of the Women's Society of the Congregational Church will be held Tuesday, April 23rd. There will be sewing at 9:30 for the Plaza Home, followed by a "Hard Times" luncheon at 12:30. Reservations are to be made with Mrs. Louise Gray, or by telephoning Mrs. H. S. Croft.

Mrs. McLelland of Pasadena will speak of her work among the "Mountain Whites" of the Ozark Mountains. Mrs. Myrtle Hill will tell of the music of these people and Mrs. Donald Ashmore will sing some of their songs. The devotional service is in charge of Mrs. Thayer. There will be a one-act play read by Mrs. J. Milton Steinberger. Anyone interested is invited to this meeting.

J. C. Rogers of the Sierra Madre Electric Company is more than keeping busy in installation work. Not only has the company several jobs under way in Sierra Madre, but eleven new houses in the Palos Verdes development are being wired by the local firm. Other houses to be built there at once will also be wired by Mr. Rogers, making twenty-five in view at the present time.

The Pasadena Scouts are sponsoring a "whoopie" wild west show April 29 and 30, and May 1, at the municipal auditorium site, and elaborate preparations are being made for entertainment of guests. Mad Wolf's wild west show has been engaged to give the daily programs. Mad Wolf is a graduate of Carlisle College, and has a show that depicts all the thrills incident to life in the early pioneer days in the west.

A girls' gymnasium class will be formed in the Congregational social hall tonight. All girls and young women interested are invited to meet at 7:30 for enrollment and organization.

William Kreuscher, a carpenter employed by Contractor W. J. Schiltz on improvements to the A. R. Bridgeland home, suffered painful injuries in a fall last week. He is reported to be improving but is still confined to his

home at 77 East Montecito.

Mr. and Mrs. Herbert Clark attended a Masonic dinner-dance at Mt. Lowe Tavern Friday night of last week.

Mrs. Strause of Eagle Rock, formerly Helen Truelle of this city, was a guest of Mr. and Mrs. Herbert Clark last Tuesday.

Mr. and Mrs. F. Whitehouse of Petersburg, Neb., were guests on Sunday at the W. J. Schiltz home, 67 E. Highland.

Mr. and Mrs. Vernon A. Udell are the parents of a fine boy, born Monday morning at Monrovia Hospital.

Mr. and Mrs. A. E. Valencia have returned from Los Angeles where they have been residing several months and are now at their home, 685 West Alegria.

Miss Elsie Gibson, superintendent of the Plaza Community Home for Children on North Baldwin Avenue, has asked the News to express the gratitude of the staff and children to the Woman's Club and Wistaria Fete management. Supplies which were sent to the home during the fete were very acceptable and greatly enjoyed.

As we understand it, the White House Spokesman is to be replaced by a loud-speaker.—Dallas News.

Naturally, in these airplane weddings, due precautions must be taken against the first falling out.—Arkansas Gazette.

A reading of the Jones dry law indicates that the Smiths and the Joneses have different views on prohibition.—August Chronicle.

When bridge work is mentioned now you have to wait and see if its teeth, cards or viaducts.—Dallas Journal.

The Jones brothers—Wesley and Davy—are making life for the rum-runners just one thing after another.—Washington Post.

## Talk on 'Guidance' Enjoyed at Meeting of the P.T.A.

The benefit staged by the Sierra Madre Community Players and sponsored by the Woodrow Wilson P.T.A., and given at the Lamanda Park Club house Friday evening, April 12, was very much of a success.

The players excelled all former efforts and gave a most delightful and finished performance of that mirth-producing comedy drama "On the Hiring Line." The production elicited high praise and much favorable comment from numerous Pasadena patrons.

Roland Gundry, youthful violinist, and Moreland Kortkamp, pianist, were the musical stars of the evening, though the clarinet sections by Leroy McBurney and Lindan Murray drew a full share of applause.

"Guidance is not only a process of education but a process of growth." Introducing her address with this remark, Miss Margaret Bennett of the Guidance Council of Pasadena spoke to a large and enthusiastic audience at the school last Wednesday, giving her listeners a complete resume of the work being done and methods of guidance used in Pasadena schools (applicable in our own homes and schools) in a most illuminating and comprehensive manner.

Miss Bennett went on to state that in past years it has been assumed that mere contact between the individual pupil and the teacher and class resulted in growth, but it is now known that individual needs are different and the aim of guidance work in schools now, instead of being applied only to problem cases and cases of maladjustment, as originally, is used as a preventative and an effort is being made to make it something that works through the curriculum and thru the educational experiences of every child to promote growth, something that fosters individuality, self-reliance, ingenuity, steadiness, honesty and co-operation without the individual being conscious of it; all this without tears, tantrums or teasing on the part of the child or coercion on the part of the guardian, in the elementary grades.

Guidance, as used in the junior high school and junior college, enlarges on the efforts of elementary years and seeks to promote self-expression (dramatics important), self-direction, self-control, social responsibility, development

of his potentialities, progressive-ness and all requisites of good citizenship.

By means of slides Miss Bennett gave concrete examples of this work through all the years of school, demonstrating the activities, developing the potentialities of children and preparing them directly for life.

Following a well-planned health program, efforts are made to draw out his latent qualities to discover the impulse he obeys when he disobeys the parent or teacher; to prevent "Fordizing" and "standardization," and thru the intelligent co-operation of the modern parent to help him choose an attainable ideal and to make guidance and education not a terminus but a directing point in his life.

Ways and means were discussed for the purpose of raising much needed funds for the purpose of carrying on the welfare work of the organization as the treasury is almost depleted and these obligations must be met. It was decided to have a food sale Saturday, May 11. All members of the community are requested to keep this in mind and to put forth an effort to do their share in this charitable work by patronizing the cooked food booth at Solury and Davis store on that date.

Mrs. Gruit announced the dinner to be given by the chamber of commerce April 25, and urged everyone to attend, if not the dinner, the meeting following, to hear discussion of school questions.

After enjoying piano selections by Misses Anderson and Hatcher the meeting adjourned.—Mrs. Butts, press chairman.

### League of Youth Will Sponsor Entertainment

The League of Youth announce an entertainment for Friday, May 3rd, in the Social Hall of the Congregational Church. Prof. R. D. Williams of Claremont will give an evening of sleight-of-hand. There will also be vocal and instrumental numbers on the bill. The proceeds will be for the organ fund.

Nor did it require any Literary Digest poll to forecast how the Mussolini election was going to come out.—Indianapolis News.

Under President Hoover all income-tax refunds in excess of \$20,000 are to be made matters of public record, and we'd like to be in a position to get a little publicity.—Ohio State Journal.

## Hertz Comes For Closing Symphonies

Philharmonic Orchestra Season to End With Guest Conductors

The Philharmonic Orchestra of Los Angeles will appear in closing concerts of the season at the Philharmonic Auditorium next week. Monday evening, April 22, they will play the final special concert of the season, under the baton of Karl Krueger of the Seattle Symphony Orchestra. This will be Mr. Krueger's farewell for the season, and he will return to his duties in the north. Mr. Krueger will conduct the following program: Mozart, Overture to "The Marriage of Figaro," Beethoven, "Andante con moto," from Symphony No. 5 in C minor, Op. 67; Strauss, Tone Poem, "Don Juan," Op. 20; Weber-Weingartner, Invitation to the Dance; Dukas-Scherzo, "L'Apprenti Sorcier," Tchaikowsky, Two movements from Symphony No. 6 in B minor, Op. 74, "Pathetique." This concert will be broadcast over KFI.

It will be welcome news to the many friends and admirers of Alfred Hertz, to know that he has been secured to conduct the final pair of symphony concerts, Thursday evening and Friday afternoon, April 25-26, and the final popular concert, Sunday afternoon, April 28. Programs for these concerts will be announced later.

Have your navel orange trees pruned now by Brown's Landscaping. Green 111.

## Sunkist ORANGES

Exchange members always have two basic advantages ....in marketing their crops

IN the highly competitive marketing system of today, members of the California Fruit Growers Exchange have two powerful allies.

No matter what the individual conditions of any one season may be, Exchange members always enter the field with these two facts on their side:

1. Exchange members spend less to market their fruit. (The cost of all Exchange services—including advertising—is less than the marketing cost alone of any other organization.)

2. Exchange members get more for their fruit. (The public and trade are willing to pay a premium for the better standardization and greater dependability of Exchange fruit.)

These two great advantages are the result of large-scale cooperative efficiencies made possible by the

fact that the Exchange markets 75% of the California citrus crop.

These dollars-and-cents benefits have brought the Exchange recognition as one of the most successful farmers' cooperative organizations in the world—the model for the similar cooperatives in other agricultural industries throughout America and abroad.

Their result is proved year after year by comparative figures which demonstrate that grade for grade and size for size, Exchange members average the highest returns for their fruit.

Talk to the manager of your nearest District Exchange or Exchange Association. Get all the details about the Exchange from him. Learn what specific advantages you can gain by joining. Or address Growers Service Bureau, California Fruit Growers Exchange, Box 530, Station "C," Los Angeles.

Oranges Sunkist Lemons  
Grapefruit

What the Exchange is . . . The California Fruit Growers Exchange is a non-profit organization of 11,500 California citrus fruit growers, producing more than 75% of the California citrus crop, operated by and for them on a cooperative basis. Its object is to develop the national and international market for California

Oranges, Lemons and Grapefruit, and to provide a marketing organization that will sell the fruit of its members most advantageously and at least expense. Receipts from sales, less only actual cost of operation, are returned to growers. Applications are received through all the Exchange's 207 local packing associations, 22 District Exchanges, or at the central office in Los Angeles.

## Use Electricity

for Incubating and Brooding Chicks . .

ELECTRIC HEAT is the most convenient, safe, clean and practical to use for incubating and brooding chicks. With electricity there is no fuel to be hauled, no ashes to be dumped . . . no muss or fuss whatever. Just plug into a convenience outlet and your fuel worries are over.

Electric incubators and brooders are automatically controlled, so each egg or chick receives the proper amount of heat,—healthy heat and just enough to assure sturdy, quick development.

Electric incubators and brooders are not costly to operate. Special low rates for electricity apply to these uses. Ask the Edison representative in our local office to tell you about them.

### VITAL

PROBABLY no more important public meeting was ever held in Sierra Madre than that called for next Thursday night. Nothing stands ahead of the public schools in community importance. This meeting, arranged by the chamber of commerce school committee, may affect local school policies for all time.

There is no question about Sierra Madre's interest in schools. Sierra Madre wants the best. The problem of finding what is best and how to get it is difficult. Looking back over local school history, it would be rather presumptuous to say that at any particular point, with the information and resources then available, a different course should have been taken.

We simply have to take the situation as it is now and make the best of it. For some time the search for the best has been largely a groping process. Efforts and agitation for changes were based on partial information, sometimes on prejudice, and often without regard for ability to pay.

Now, for the first time, complete information is to be made available. It was gathered and tabulated for public presentation by experts in the business. It will provide a sound basis for the consideration of all problems in connection with Sierra Madre schools.

No taxpayer, no one interested in education, can afford to miss next Thursday's meeting. The chamber of commerce school committee deserves the deep gratitude of the community for putting the discussion of school problems on the right basis.

### FALSE SECURITY

IS your automobile insured? Or do you just think you are protected?

Perhaps you are in the same position as a woman whose car was destroyed by fire in her garage last week. She had a sedan costing about \$1500, with only \$100 to be paid before it was all hers. When it was burned up she was not greatly concerned. She knew when she signed her installment contract with all the fine print which she did not read, that she was required to keep it insured. The monthly payments included insurance charges for full coverage.

But just to strengthen her assurance she called up the agency to whom she had been making her payments.

"Is my car insured?" she asked, after

making herself known over the telephone. "Yes," was the reply.

"Well, it burned up last night; I'll be right down to see you." And she went down to see how soon she could arrange to get money for her \$1400 equity so she could order a new car. And what do you suppose she found?

The automobile agency had required that the car be kept insured. It had undertaken the responsibility of securing a policy for which the buyer paid. But the policy covered only that portion of the car's value for which the agency had been paid. The agency had insured its own interest in the car but not the buyer's interest.

Ethics and legal phases of the situation are not under discussion here. The incident is related merely for information. Automobile buyers, paying installments which include a more or less heavy insurance charge, cannot afford to feel too secure. If they are wise they will find out just exactly what protection they are getting in return for what they pay.

### BRING IT ON

PAPER money in the new, smaller size will be placed in circulation soon, according to information from the Treasury Department.

Although the Bureau of Engraving and Printing has been at work on the new currency for two years, so tremendous has been the task of making replacements of currency of the present size, and building up a reserve of the new size that the undertaking is only now approaching completion.

The new bills are to measure six and five-sixteenths by two and eleven-sixteenths inches—about two-thirds the dimensions and one-half the area of bills now in circulation. There will be eleven denominations, each bearing the portrait of a President or a figure prominent in the early financial history of the country:

\$ 1	Washington
2	Jefferson
5	Lincoln
10	Hamilton
20	Jackson
50	Grant
100	Franklin
500	McKinley
1,000	Cleveland
5,000	Madison
10,000	Chase

The dollar bill and those in denominations of \$500 and more will have ornate backs. Others carry engravings of buildings.

### NAILING A NUISANCE

DOWN in Arcadia the distribution of handbills and free circulation papers carrying nothing but advertising became such a nuisance that they have stopped it by city ordinance. The city fathers decreed it to be unlawful to distribute handbills, circulars, samples or other commercial advertising in streets, parks, automobiles or private property. Newspapers of general circulation as defined by the state law or established magazines are not prohibited. A necessary step toward a clean city.

### BENSON'S FOUR PRINCIPLES

FOUR principles of Archbishop Benson, as printed in the Northwestern Christian Advocate, are a very fine code of living for anybody. We quote them:

1. Not to call attention to crowded work or petty fatigue or trivial experiences.
2. To heal wounds which in times past my cruel and careless hands have made.
3. To seek no favor, no compassion; to deserve, not ask, for tenderness.
4. Not to feel any uneasiness when my advice or opinion is not asked or is set aside.

## Observations

(By G. B. M.)

\*\*\*

### TOWNS THAT DID NOT GROW

That story of the town name origins of the San Gabriel valley, printed in the News recently, did not tell of all the towns that have been started in the valley. There are a lot of places where a country store stands as a reminder of village or city aspirations. Sometimes there is merely a store building, out among the ranches, where a store and post office were once thought to be the beginning of things. Back in the 1887 boom days most of these country neighborhoods saw many ranches divided into townsites. In some of them the lots sold at handsome prices. But when the town failed to materialize, the lots went back to acreage.

Even the maps now in use tell tales of odd promotions. Out in the middle of the San Gabriel river bottom, south of Monrovia, the maps still show a subdivision which was launched as "Chicago Park." The newspapers of the old boom days paint it as the coming metropolis, a western match for its namesake. I believe the lots were marketed chiefly in the east to people who never saw the land.

Chicago Park is only about two jumps from the site of the proposed San Gabriel Valley airport, said to be the best location in the county when checked by scientific airport standards. Wouldn't it be the irony of fate to have a lot of the predictions of the old Chicago Park promoters come true by means of aviation development?

### MORE MAP STORIES

Maps are intensely fascinating to me. I like to study the map of Sierra Madre. The tract names tell a varied lot of stories. Wide streets and narrow streets, spacious, roomy lots, and pinched, penurious looking lots, streets that join with those of adjoining subdivisions, and streets that indicate the neighboring subdividers were not on speaking terms.

Down on Live Oak Avenue where I live there is a tier of 50-foot lots. All the other lots in the subdivision have 75-foot frontage. And therein is a story, too.

All the land between Live Oak and Central and running west from Baldwin to the line of Auburn Avenue was a part of the acreage bought from N. C. Carter's original subdivision by N. H. Hosmer. "Uncle" Henry, as everybody called him, was one of the original colony from Concord, Mass., who were the first settlers on small ranches in this favored bit of sagebrush which Mr. Car-

ter had purchased from "Lucky" Baldwin.

Along came the boom a few years later and, like most of the other small ranch owners, Mr. Hosmer subdivided. Then came the railway as far east as Lamanda Park. Engineers were running lines all over the country. (That's nothing new in California.) Among their experimental surveys was one which projected the railway northeast from Lamanda Park to the lower border of Sierra Madre. Then the line was to swing back to Arcadia and Monrovia.

The Sierra Madre station was to have been on the south side of Live Oak Avenue. It would have stood on the spot now occupied by that magnificent clump of Live Oaks. As I look at them from my front porch I'm glad the station didn't arrive there.

But to get back to maps. "Uncle" Henry told me about those 50-foot lots. When the station was proposed for the south side of Live Oak, he figured the north side of the street, facing the station, would be fine business frontage. So he platted the lots narrower than those in the rest of his subdivision.

All over Southern California there are similar stories if one could read the maps.

### TWENTY YEARS AGO

Edward Dietrich of the L. A. Athletic Club won the second annual Mt. Wilson race, making the 7.1 miles in 1:29:30. His time was four minutes slower than that of "Soldier" Joe King who won the first race in 1908.

C. H. Betts and M. D. Welsher purchased the grocery business of A. B. Stickney, previously owned by the Yerxa Bros.

Roy Knabenshue, famous balloonist, with his wife, was registered at Hotel Sierra Madre.

A. N. Carter was busy getting ready to open Carter's Camp in the Sierra Madre canyon for a big summer's business.

Official grades for Lima Street were established by city ordinance. The elevation at intersection centers were: Live Oak Avenue, 775.5; Central Avenue, 866.85; Grand View, 975.55; head of street, 1060.50 feet.

### TEN YEARS AGO

The band from the balloon school at Ross Field played at the Wistaria Fete.

Rev. Father M. W. Barth, prominent as a priest for many years in and near Chicago, passed away. He established St. Theresa's Chapel, the first Catholic church in Sierra Madre.

H. T. Bassett purchased the Sierra Madre Inn on Lima street.

Norman Olsen wired his father, Martin Olsen, that he had reached New York on the return from France and expected to come at once to Camp Kearney to be mustered out.

## Every Mother Can Afford One

OUR immense display of the season's newest carriages, sulkies, and strollers includes such a variety of styles and colors that you can surely find here just the right one for baby. They are all reasonably priced, too. Every mother can afford one.

We are especially pleased to offer these beautiful carriages for your selection because they are made by Heywood-Wakefield. This assures you of every requirement for baby's health and comfort which 98 years of manufacturing experience afford. Look for A Quality Seal on Every Wheel.

from 2:30 to 10:30 p. m.

GENERAL ADMISSION 25c, UNTIL 5:00 P. M.

LOGE SEATS (at all times) 50c

Our program will be mailed to you free each week  
if you will send us your name and address.

## Interesting News Notes from Sierra Madre Canyon

Representatives from the Los Angeles county flood control district visited the canyon on Tuesday afternoon for the purpose of inspecting the drain at the intersection of Brookside Lane, Woodland Drive and Lupin Trail. It was stated at this time that it is the intention of the engineers to replace the present inadequate drain with a larger open stone channel, with check dams above and an automobile bridge at the point of contact with the road. Water from the new drain will thus be diverted into the stream channel instead of being allowed to overflow and become a menace to nearby property as was the case in recent hard rains. J. P. Morris, president of the Canyon Improvement Association was in attendance at the conference.

The road committee from the Canyon Improvement Association, of which James C. Heasley is chairman, met at the Heasley home on Oakdale Drive Tuesday evening to outline and push to completion the paving program for roads in the canyon. Width of streets, grades, types of paving and method of procedure were taken up. Members of the committee present were F. W. Schiavos, A. M. Croxson, S. Petsel and Wm. A. Thomas.

On Friday of last week Mrs. Lillian I. Lewis, accompanied by Miss Helen Wones and her mother, motored to the desert, stopping at Mojave and Red Rock canyon where they spent the night. On Saturday morning they awoke in a sunshiny world to find an inch of snow mantling everything. Mrs. Lewis reports the Joshua trees in full bloom around Palmdale, but very few wild flowers this year.

Miss Catherine Guthrie and Miss Helen Blacklin of "El Reposo" cottage on Brookside Lane, motored with Miss Elsie Evershed of Los Angeles on Saturday thru Mint Canyon to Palmdale, spending the night at Palmdale Inn. They returned home the following day by way of Bouquet Canyon where they found luxuriant fields of poppies, baby blue eyes, lupin and cream cups.

Mr. and Mrs. W. B. Corum entertained a party of friends at luncheon on Sunday under the wistaria vine at their home on Sturtevant Road. The vine, now four years old, is especially beautiful this year. It is an offspring of the famous Fennel vine on Scenic Point. Guests were Mr. and Mrs. Otto Anderson and their son Milton, Mrs. J. McCoy, Mrs. C. Bartlett, J. McCaskey and E. I. Lawrence of Los Angeles, Mr. and Mrs. W. A. Feaster and their daughters, the Misses Anna, Fynn and Opal Feaster of Eagle Rock. After the luncheon Mr. Lawrence gave an interesting talk on "Truth."

Mr. and Mrs. Fred A. Pensinger of Los Angeles, Louis C. Andiorio of Paris and New York and Miss Laura E. Cadmus were dinner guests of Alfred E. Hunt of Monrovia at Proctor's Foothill Tavern on Sunday. In the afternoon the party visited the wistaria vine on Scenic Point and later adjourned to Miss Cadmus' "Lone Pine Studio" on Woodland Drive. Tea was served at 6 o'clock and a musical program and readings

and recitations were enjoyed by the guests in the evening. Others present were Mrs. Ella A. Cadmus, William A. Thomas, Donald Barnfather and H. M. Proctor.

Miss Pauline Farquahr, young California pianist and a product of the Abby De Avirett studio in Los Angeles, who recently purchased the Hart property on Woodland Drive is scheduled to appear as soloist with the Long Beach Symphony Orchestra under the direction of Leonard Walker in the Long Beach auditorium on the evening of April 23. She will play the Saint-Saens G Minor Concerto. On the same program will be heard James G. McGarrigle, baritone, in Leoncavallo's Prologue from I Pagliacci. Miss Farquahr, accompanied by her mother, Mrs. Walter Farquahr, will leave in their car a week later for a tour of the principal cities of the United States. They plan to be away until Sept. 1.

Mr. and Mrs. C. C. Edwards of Hibbing, Minn., who have been wintering in Long Beach, were guests in Rocky Ridge cottage from Thursday until Saturday.

Mr. and Mrs. J. R. Thompson have returned to the canyon after spending a number of weeks in Long Beach.

Mr. and Mrs. Eldred R. Freeland of Marlborough Terrace, are the proud parents of a 7-pound son, William Beadles, born Tuesday morning at 7 o'clock at the Pasadena Hospital. Mother and babe are doing nicely. Mrs. Freeland

land will be remembered as Miss Amanda Wilhelm, formerly of Paducah, Ky., who before her marriage to Mr. Freeland, was employed in clerical work in the office of the Red Cross in Los Angeles.

Mr. and Mrs. V. G. Sibold and two sons, of Seattle, are guests of Mr. and Mrs. William Lunny at Green Bells on Vista Circle Drive. C. W. Sibold and family of Ontario were visitors Sunday.

Mrs. Lydia Almond of Long Beach has recently leased Resthaven Lodge on Churchill Road from the owner, Mrs. Alice Blecha of Los Angeles.

Mr. and Mrs. J. B. Stout of San Pedro were guests of Mr. and Mrs. Gabriel B. Hodge on Monday and Tuesday at "Splash Inn."

Vivian Frazier, 16-months-old daughter of Mrs. Margaret Frazier of 2410 Oneida Street, La Granda Park, passed away at the Pasadena Hospital Saturday afternoon after a brave fight with her second attack of pneumonia. Her grandmother, Mrs. Birdie F. Manley, resides on Holly Trail Path. Funeral services were on Tuesday, conducted by Rev. A. O. Pritchard and the body was laid to rest in a quiet spot in San Gabriel cemetery. During her short life Vivian had endeared herself

to all who knew her and she will be greatly missed from the family circle. Mrs. Frazier has three children left to comfort her—Birdie, J. W. and Edward.

### NOTICE OF COMMISSIONER'S SALE ON FORECLOSURE

In the Superior Court of the State of California in and for the County of Los Angeles.

WESTERN LOAN & BUILDING COMPANY, a Corporation, Plaintiff,

vs.

PAUL E. NOLAN, et al. Defendants.

Under and by virtue of an order of the Superior Court of the State of California, in and for the County of Los Angeles, on the 10th day of April, 1929, in the above entitled action, wherein the above named plaintiff obtained judgment and decree of foreclosure and sale against PAUL E. NOLAN, Defendant, on the 4th day of December, 1928, for the sum of Twenty-six Hundred and Fifty Dollars (\$2,650.00) with interest and costs, which said judgment and decree was on the 19th day of December, 1928, entered and recorded in Judgment Book 792 at page 119 et seq. to which judgment and decree reference is hereby made, I am commanded to sell at public auction all the following described premises, situate, lying and being in County of Los Angeles, State of California, and bounded and described as follows, to-wit:

That portion of Block Two (2) of Byron O. Clark's Subdivision of No. 2859 Acres, Block "C", Painter and Ball Tract, in the County of Los Angeles, State of California, as per map recorded in book 21, page 63 of Miscellaneous Records, in the office of the Recorder of said County, described as follows:

Commencing at a point in the Northernly line of Figueroa Street, (formerly Fitz Street) distant thereon Easterly 366.55 feet from the Easterly line of Casitas Avenue; thence Northernly parallel with the Easterly line of said Casitas Avenue, 235 feet to the true point of beginning; thence continuing Northernly parallel with said Easterly line 50 feet; thence Easterly parallel with the Northernly line of said Figueroa Street, 97.44 feet; thence

Southerly parallel with the Easterly line of said Casitas Avenue, 50 feet; thence Westerly parallel with the Northernly line of said Figueroa Street, 97.44 feet to the true point of beginning.

Subject to easement for ingress and egress over the Westerly fifteen (15) feet thereof.

Also including an easement for ingress and egress over that portion of said Block Two (2) described as follows:

Beginning at a point in the Northernly line of said Figueroa Street, distant thereon Easterly 251.75 feet from the Easterly line of said Casitas Avenue, thence Northernly parallel with said Easterly line 561 feet, to the Southwesterly line of Tract Number 6386 as per map recorded in Book 95, pages 56 and 57 of Maps in the office of the county Recorder of said County; thence Southeasterly along said Southwesterly line 22.96 feet to the intersection thereof with a line drawn parallel with and distant Easterly 251.75 feet; measured along the Northernly line of said Figueroa Street, from the Easterly line of said Casitas Avenue; thence Southerly along said parallel line 547.34 feet to the Northernly line of said Figueroa Street; thence Westerly along said Northernly line 30 feet to the point of beginning.

PUBLIC NOTICE IS HEREBY GIVEN that on Wednesday, the 3rd day of May, 1929, at 12 o'clock noon of that day, in front of the Court House door of the County of Los Angeles, Broadway entrance, I will, in obedience to said order of sale and decree of foreclosure and sale, sell the above described property, or so much thereof as may be necessary to satisfy said judgment with interest and costs and expenses of sale, to the highest and best bidder for cash, gold coin of the United States.

Dated April 10, 1929.

## ESSEX THE CHALLENGER

Hear the radio program  
of the "Hudson-Essex  
Challenger" every Friday  
evening

Challenging you to know the best

in Performance—Fineness—Comfort

For Instance, the Coach \$295.00

Down, and monthly Payments of

\$37.39.

Your present car will probably cover the entire first Payment.

The H. M. C. Purchase Plan Offers the lowest available finance terms on the balance.

On our own streets Essex the Challenger, under

competent observation, averaged 20 miles per

gallon. The average owner in this city can ex-

pect 18 to 20 miles and upward. Commercial users operating

large fleets of Essex cars say that service and maintenance

costs, covering millions of miles of operation, are lowest of

any car ever tested.

Essex the Challenger offers a completeness of fine car equipment formerly identified only with costly cars, and available, when at all, only as "extras," at extra cost on cars of Essex price. Check these items as you buy. In Essex the Challenger—a complete, fine big "Six"—these items of course are standard. They cost not one cent extra and represent easily above one hundred dollars' additional value.

**\$695**

AND UP—AT FACTORY

Standard equipment includes: hydraulic shock absorbers—electric gauge for gas and oil—radio—thrusters—saddle lamps, windshield wiper—glare-proof rear-view mirror—electro-lock—controls on steering wheel—all bright parts chromium-plated.

## Fire Flames

By One of the Boys

The joy of our last practice was somewhat marred when Tom Schwartz sprained his ankle while running to the men at the nozzles. Tom was at his usual station when it was decided to have the nozzles shut off in order to determine whether the pumps bypass valves were functioning. While running, he stepped on the solid hose, turning his ankle. Almost instantly a large swelling took place, indicating a sprain, and he was immediately rushed to the office of Dr. Bovard. However the doctor stated it wasn't a real bad sprain and Tom would perhaps sleep after five or six nights of torture, so Tom decided he'd attend the meeting and forget the sprain. At the meeting the boys fixed him up a nice cushioned chair to prop his foot on and all during the fracas, Tom was annoyed.

Louie Karger and Steve Petsel undertook to bring a table measuring four feet around thru a three-foot doorway. This caused considerable commotion. Steve tried every way he could think of, when Lee Hibbs took charge and said he bet he could get it thru. Louie (playing safe) waited to see that it couldn't be done and then shouted "Do you want to bet?" After much bellowing of voices and turning of the table the bet was called off because the chief wanted the noise stopped, so they took the table over the roof.

After many important questions pertaining to the fire department were discussed and taken care of, H. A. Thew made his usual motion to adjourn and Geo. Cox gave it a loud second. "All were in favor of the motion, so Joe Swenson opened up a pot of raviolas and how they did go. This raviola feed was something new in the "firemen's feed" and apparently proved very popular. Roy Walsworth said he wasn't very hungry, but he was taking four helpings. Thew ate lightly with only five helpings and the chief was eating long after Louie had his southwest corner going (which by the way had moved to the northside). The usual hot air flew around Louie and his gathering and continued until the chief ordered a halt. From a personal viewpoint, Joe's raviola feed was great.

The parking of the cars at the Wistaria Fete seems to have been very satisfactory as far as can be learned. At the meeting of the directors of the chamber of commerce, the fire department was highly commended for the manner in which the parking of cars was

handled. As an idea as to number of cars parked, it may be of interest to know that on Sunday, April 7, there were 2504 cars and on the following Sunday, 2444 cars parked. We not only came out favorably financially, but physically as well. Outside of a few sore feet and sore eyes from wearing dark glasses, everybody is able to go about his regular duties. We are now the proud owners of the much-talked-of and much-longed-for "resuscitator." For a long time previous the boys had been planning an inhalator of some sort, and due to the parking, we were enabled to purchase the very latest type of resuscitator that does not require the usual artificial respiration.

On last Wednesday evening, Captain Joe Swanson and his first aid crew took the resuscitator to Monrovia to give the fire department of that place a demonstration of the machine.

Frank Lovell should never have called Norris to his assistance in the recent baby affair. Although Frank is old enough and a married man, it is pitiful to note how really innocent the boy is. Just the other morning he "happened" to be out in his front yard as early as 6:30 a. m. No one has ever been able to learn why he was "up" at that hour, but we know he had a golf stick in his hand. At any rate he discovered a light-haired child about five or six years old wandering by his lot and he tho't he'd better out to Norris by looking after the baby. Not knowing what else to do, he called "Oh Min" to his wife and she ordered him to call the police department, and he did. The police, after asking several descriptive questions, finally asked Frank what it was, a boy or a girl? and Frank said, "I'll be d— if I know." So you see, not all golf players are "wise guys."

As we "knock wood" we want to brag on the carefulness of our townsfolk in fire prevention. We have not had a fire in five months, which is a very good record in a city of 5000 people, considering that we build fires for heating houses and that we are confronted with the same fire hazards as many similar cities, which have frequent fires. However:

Don't let wood or paper boxes accumulate.

Don't get too hot over the "recall."

Don't have a loose lamp socket in your house or anywhere.

Don't trust too much in your knowledge of electricity—call an expert.

FIRE'S OUT!

ORDINANCE NO. 333  
AN ORDINANCE AMENDING  
ORDINANCE NO. 257, ENTITLED, "AN ORDINANCE REGULATING BUILDING, PLUMBING, ELECTRIC WIRING, AND THE CONSTRUCTION OF GAS PLUMBING AND GAS PIPES IN THE CITY OF SIERRA MADRE, AND FIXING A PENALTY FOR THE VIOLATION THEREOF, AND REPEALING ALL ORDINANCES OR PARTS OF ORDINANCES IN CONFLICT THEREWITH," AS SAME WAS IN EFFECT APRIL 9th, 1929, BY AMENDING SECTION 15 THEREOF.

The Board of Trustees of the City of Sierra Madre, do ordain as follows:

SECTION ONE: That Section 15 of Ordinance No. 257 as said Ordinance was in effect April 9th, 1929, be and the same is hereby amended to read as follows, to-wit:

UNSAFE BUILDINGS

SECTION 15: It shall be the duty of the building inspector upon receiving notice that the doors, stairways, passageways, entrances or approaches of any church, public hall, place of assembly, factory or workshop, or place of employment, are insufficient for the escape of the occupants or employees in case of fire, panic or accident, or that the chimneys, flues or heating apparatus in any building in the City are insecure or dangerous; or that any part of any building, wall, chimney, smoke-stack or other structure within the limits of the City of Sierra Madre, is in an unsafe or dangerous condition, or in anywise not in conformance with the provisions of this ordinance, to make an examination of such place, building, wall chimney, smoke-stack or other structure, and if he shall determine it necessary, after such inspection, he shall give notice in writing to the owner or to his or her agent, or person having control thereof, to make such changes, alterations or repairs, or to provide for the abatement, destruction or removal of unsightly or partly destroyed buildings; or insecure or unsafe buildings, walls, chimneys, stacks

or other structures as public safety or the ordinances of the City of Sierra Madre may require, and it shall be unlawful to continue the use of any such buildings or other structures, until the changes, alterations or repairs found necessary by the Building Inspector to make said building or structure safe or to bring it into compliance with the terms of this ordinance shall have been made; and in default of the person receiving such notice to comply with the same, within forty-eight hours after the receipt thereof, such person shall be deemed guilty of a misdemeanor and punishable as hereinafter provided, and said Building Inspector may cause said building structure, building wall, chimneys, stacks, or other structures to be destroyed and removed or work to be done necessary to make such building or structure safe or to bring it into compliance with the terms of this ordinance at the cost of the City of Sierra Madre. The Board of Trustees may thereupon institute and prosecute an action against the owner of said building or of any part thereof for the recovery of the costs of doing said work.

SECTION TWO: The City Clerk shall certify to the passage of this Ordinance by a vote of four-fifths of all the members of the Board of Trustees of said City of Sierra Madre, and its approval by the President of said Board, and shall cause the same to be printed and published once in the Sierra Madre News, a weekly newspaper of general circulation published and circulated in the City of Sierra Madre and thereupon and thereafter the same shall be in full force and effect.

Adopted and approved this 16th day of April, 1929.

W. J. LAWLESS,  
President of the Board of Trustees of the City of Sierra Madre.

(SEAL)  
L. DIETZ,  
City Clerk.

STATE OF CALIFORNIA,  
COUNTY OF LOS ANGELES, ss.  
I, L. Dietz, City Clerk of the City of Sierra Madre, California, do hereby certify that the whole

number of the Board of Trustees of the City of Sierra Madre is five, and that the foregoing Ordinance, being Ordinance No. 333, was duly passed and adopted by a vote of four-fifths of all its members and approved by the President of said Board, and attested by the City Clerk, all at a regular meeting of said Board, held on the 16th day of April, 1929, and that the same was passed and adopted by the following vote, to-wit:

AYES: Trustees, Belohlavek, Blakeslee, Isaacs, Myers and Lawless.

NOES: None.  
ABSENT: None.  
L. DIETZ,  
City Clerk of the City of Sierra Madre.

(SEAL)

NOTICE OF COMMISSIONER'S SALE ON FORECLOSURE.

No. 24581

In the Superior Court of the State of California in and for the County of Los Angeles.

JAMES R. CONNOR, et ux, Plaintiff,

vs.

FRANK L. AMES, etc., et al., Defendants.

Under and by virtue of an order of sale and decree of foreclosure and sale, issued out of the Superior Court of the State of California, in and for the County of Los Angeles, on the 5th day of April, 1929, in the above entitled action, wherein the above named plaintiff obtained judgment and decree of foreclosure and sale against FRANK L. AMES, as Administrator of the estate of Lura L. Arnold, otherwise sometimes known as Lura Loomis J. Arnold, Defendants, on the 1st day of April, 1929, for the sum of Ninety-eight Hundred Eighty-five and 02/100 Dollars gold coin of the United States, plus interest and costs, which said judgment and decree was on the 2nd day of April, 1929, entered and recorded in Judgment Book 709 at page 22 et seq. (to which judgment and decree reference is hereby made), I am commanded to sell at public auction all the following described premises, situate, lying and being in the City of Arcadia, County of Los Angeles, State of California, and bounded and described as follows, to-wit:

Lots two (2) to twenty-six (26) inclusive of Tract No. 8209, as per map recorded in Book 107, page 37 of Maps in the office of the County Recorder of said County, save and excepting therefrom lots five (5), six (6), seven (7) and twenty-four (24), in said Tract No. 8209.

PUBLIC NOTICE IS HEREBY GIVEN that on Wednesday, the 8th day of May, 1929, at 12 o'clock noon of that day, in front of the Court House door of the

County of Los Angeles, Broadway entrance, I will, in obedience to said order of sale and decree of foreclosure and sale, sell the above described property, or as much thereof as may be necessary to satisfy said judgment with interest and costs and expenses of sale, to the highest and best bidder for cash, gold coin of the United States.

Dated April 9, 1929.

R. E. ALLEN,  
Commissioner appointed by said Superior Court.

LINCOLN G. BACKUS,  
131 South Myrtle Avenue,  
Monrovia, Calif.,

## speaking of good form

FINGER bowls after meals, if you like. But, anyhow, thorough hand washing before meals. Good form demands it. Don't let lack of hot water hold you back on the big little things of life. Install an automatic gas water heater. Enjoy that warm bath, that easy shave, that effortless dishwashing. All the sizzling hot water you want! On the instant. Turn your faucet. The heater does the rest. Simple, isn't it?

## Interesting News Notes Gathered from Here and There

The semi-annual survey of the Glendale schools tends to show that the girls are the mental superiors of the boys in the elementary grades.

Peach, Nile green and sky blue, listed in the order of their prominence, are suggested by the color committee of the Garment Retailers of America for smart summer wear.

"The American Eagle," a magazine devoted to flying and training, is being published by Associated Aircraft, of Hollywood. It contains newsy bits from the company's training schools, located in Hollywood.

The secretary of war has approved an application for permission to construct a subway under Diego Bay between points Fifth and Belt Streets, San and Third Street between and Prospect Places, Cor-

British air authorities have successfully carried out exhaustive tests with an entirely new-type plane which prevents an attack on cities by laying an artificial fog which may be rendered still more efficacious by mixing it with poison gas or with another gas which prevents airplane engines from functioning.

Wedding bells henceforth will ring in Turkey only to the tune of the new ABC's. The Ghazi's government has ordered that marriage licenses may be issued in future only to those who can show certificates signed by government inspectors testifying to their knowledge of the Latin alphabet from A to Z.

The sterilization of milk can be easily and cheaply effected by the ultraviolet ray, according to a discovery made by Dr. P. A. Leighton, instructor in chemistry at Stanford. By passing a thin film of milk around a series of glass tubes from which the ultraviolet rays are given off, the bacteria can, by the newly discovered process, be killed without generating heat and causing the resultant altered flavor.

"Big Bertha" had a firing distance of 75 miles. The principle on which this long-distance gun was operated is that if a shell is fired upward at an angle of 55 degrees to the horizontal, and at a high velocity, so that the shell will rise above the dense atmosphere close to the earth's surface and rapidly reach the thin air which exists at a height of 10 miles above the earth, then its flight will be practically unimpeded and it will travel a great distance before it falls. During its flight from the "Big Bertha" the German shell rose to a height of 24 miles, and traveled more than 50 miles of its course in a very thin atmosphere.

### A Bit of Nonsense

### TIPS TO MOTORISTS

This is the time of year when thoughts respond to the call of the open road, and long-looked-for vacations are being planned. It is imperative that cars be given thorough inspections and all necessary repairs made if vacations are to be enjoyed.

It is advisable to have the transmission and differential checked for grease in preparation for warm weather. If these have not been drained since last fall, this should be done and fresh grease put in. Grease has a tendency to become thinner in hot weather.

Due to the rapid increase of collisions and accidents, brakes should be looked at more frequently and the proper adjustment kept at all times.

Do not let the steering gear become too loose, as in emergencies it is possible to misjudge distances, which might result in a very serious accident.

Do not attempt to drive your car without a good horn on it. Of course, the horn is not a plaything, but something to use in case of danger, or as a warning for safety to another motorist or yourself.

Motorists who want to take care of their cars should be sure that they are equipped with good bumpers. Good bumpers are the cheapest in the long run.

The cooling system should be flushed out thoroughly before hot weather is upon us. For best results, after the radiator is drained leave the bottom petcock open, run the motor with the water hose in the neck of the radiator, allowing the water to run in gradually.

#### NOTICE OF COMMISSIONER'S SALE ON FORECLOSURE

In the Superior Court of the State of California in and for the County of Los Angeles.

LILLIAN M. COFFMAN, Plaintiff.

CHARLIE H. BASORE, et al, Defendants.

Under and by virtue of an order of sale and decree of foreclosure and sale, issued out of the Superior Court of the State of California, in and for the County of Los Angeles, on the 3rd day of April, 1929, in the above entitled action, wherein the above named plaintiff obtained judgment and decree of foreclosure and sale against CHARLIE H. BASORE and MAE B. BASORE, Defendants, on the 4th day of March, 1929, for the sum of Sixteen Hundred Fifty-five Dollars and costs, which said judgment and decree was on the 7th day of March, 1929, entered and recorded in Judgment Book

703 at page 325 et seq. (to which judgment and decree reference is hereby made), I am commanded to sell at public auction all the following described premises, situate, lying and being in County of Los Angeles, State of California, to-wit: Lot thirty-seven (37), Tract three hundred twenty-seven (327) in the Rancho San Pascual, as per map recorded in Book Fourteen (14), page seventy-seven (77) of Maps, in the office of the County Recorder of said County.

PUBLIC NOTICE IS HEREBY GIVEN that on Wednesday, the 8th day of May, 1929, at 12 o'clock noon of that day, in front of the Court House door of the County of Los Angeles, Broadway entrance, I will, in obedience to said order of sale and decree of foreclosure and sale, sell the above described property, or so much thereof as may be necessary to satisfy said judgment with interest and costs and expenses of sale, to the highest and best bidder for cash, gold coin of the United States.

Dated April 3, 1929.

R. E. ALLEN, Commissioner appointed by said Superior Court.

WALTER J. RICHARDS, Esq., Pasadena, Calif., Attorney for Plaintiff.

## Auto Crash Is Fatal to New Arrival

George DeMonaco Dies as the  
Result of Accident in  
Garvanza

Injuries Sustained as Car is  
Overturned Following  
Collision

George DeMonaco, a recent arrival in Sierra Madre from Cleveland, Ohio, died at the Pasadena Hospital Sunday night as the result of injuries sustained in an automobile accident on Avenue 64 and Nithsdale Road, Garvanza. He was 21 years of age and had been residing at the Farinacci home, 232 Santa Anita Court.

An inquest was held Tuesday morning at the Pasadena establishment of the C. F. Lamb Co. It was shown that DeMonaco was riding with Robert Drummond of Pasadena. While crossing an intersection Drummond's car was struck by a car driven by James Kennedy of Garvanza. Drummond's car was said to be traveling at a rate of 25 to 35 miles an hour. After being struck it turned over after running about 100 feet. DeMonaco was badly crushed and after treatment at the emergency hospital was taken to Pasadena hospital where he passed away.

After hearing the testimony of eye witnesses the coroner's jury returned a verdict of "unavoidable accident."

Young DeMonaco is survived by his parents, Mr. and Mrs. George DeMonaco of Cleveland. Louis DeMonaco of 2770 Foothill Blvd., is an uncle. The young man's body was shipped to Cleveland for interment.

## Golden Comedy Holding Boards At the Playhouse

One of John Golden's famous "clean comedies" "Eva the 5th," written in collaboration with Kenyon Nicholson and staged in conjunction with Edgar Selwyn at the Little Theatre in New York this season, is the current attraction at Pasadena Community Playhouse.

"Eva the Fifth" has to do with theatre folk, doing "small time" in "the sticks," and follows the backstage manner of "Broadway," "The Barker" and that ilk, with Hattie Hartley, the fifth of the Hartley family to play the "Tom" circuit, as the center of attention. Marion Clayton, recently with the Los Angeles Repertory Company, in Galsworthy's "Escape" will have the title role, with Ruth Covell, George Reis, Richard Menefee, William O'Hearn, Dorothy Hinds, Jerome Coray, Mary Flanner, Norval Weir Mitchell and others in the company of troupers in the Ed Bondell "Uncle Tom's Cabin" show that creates the amusing situations.

Mme. Blue, a blooded bench-winner of Great Dane variety, belonging to Mrs. Bertha Lovewell Dickinson of Pasadena, also is an interesting member of the company, many of whom were seen in the Community Playhouse's presentation of "Uncle Tom's Cabin" some time ago.

## KRISHNAMURTI TO GIVE A SERIES OF LECTURES

Krishnamurti, young Hindu teacher and writer, and protégé of Mrs. Annie Besant, has announced that he will give a series of talks in Oak Grove, on the hillside near Melner's Oaks, Ojai, each Saturday at 5 p. m. and Sunday at 10 a. m., the series ending May 12. These are classed as pre-camp question and answer meetings where all can sit under the great oaks and after listening to Krishnamurti propound the teachings of "The Order of the Star," are free to ask questions and have them answered in person by this great teacher.

Mr. George G. Ogg, 149 North Mountain Trail, phone Black 122, will be glad to furnish any information as to transportation or accommodation, either for these pre-camp meetings or the regular annual camp meetings which follow, lasting eight days.

**MISSOURI MONOTONY**  
Highwaymen: Holdup men, please note: This is to notify you that I do not carry on my person the receipts of my various theatres. They are locked in time lock safes and taken to the bank in an armoured car. I am tired of being held up. (Signed) Fred Wehrenberg.—Ad in the St. Louis Globe-Democrat.

The New York Times makes this head-line contribution to mixed metaphors: Traffic Lights to Honeycomb New York City. This, we presume, will make drivers beehive themselves.—Mobile Register.

## A Dramatic Episode in "Ramona"

Doris Schukow and Herbert Heyes, who will portray the leading romantic roles in the Ramona Pageant, opening April 20 at Hemet, as they will appear in one of the heart-tugging scenes of the open air drama, where the lovers decide to flee to escape pitiless persecution. The spectacular drama is expected to attract a record through this year.

## Schools to Be Discussed at Dinner Meet

(Continued from Page One)

states that a big attendance is expected.

The monthly dinner meetings of the chamber of commerce so far this year have proven very successful from every point of view. They have given local residents an opportunity to voice their sentiments or gather information on many important subjects. The meetings will be continued with that same object in view. It has been difficult at times to dispose of enough of the tickets to insure the financial success of the meetings, and many of the directors believe that the voluntary purchase of tickets to the dinner-meetings should be general. No one has any particular desire to go about trying to "sell" the idea of monthly get-togethers to individuals who should be only too glad to co-operate in any movement designed for the progress of the city. Increasing interest has been shown in the meetings this year, and it is believed the meeting this month will hold enough interest to insure an immediate "sell-out."

## HOW TO COOK VEGETABLES. TO PRESERVE THEIR FLAVOR

Vegetables of the cabbage family such as Brussels sprouts, cauliflower and turnips are the ones most likely to change flavor in cooking. These along with onions are called "strong juiced." Wrong methods of cooking develop a disagreeable taste and odor in the cabbage family which has given them this false name of "strong juiced vegetables."

These vegetables should be cooked in a large amount of water, uncovered, in the shortest time possible and not in a steamer or pressure cooker.

These vegetables give off the unpleasant odor when they have been cooked a long time in a small amount of water, especially if they have been started in warm water and heated slowly. This gives the sulphur compounds in them a chance to decompose and produce the unpleasant odor and flavor. The same thing happens in a steamer and still more in a pressure cooker. The vegetable acids, which destroy green coloring, do not have a chance to escape in the steam, and the very high temperature hastens the breaking down of the sulphur compounds. Onions, however, lose some flavor in cooking rather than acquire a new one. They should be cooked rapidly in a rather large amount of water until tender. Steamer and pressure cooking retain too much of their flavor. All other vegetables except the cabbage family and onions are best cooked to preserve flavor, not color, in a small amount of water or in a steamer or pressure cooker.

## NO WONDER

## NEWSPAPER COMMENT

People who say Mr. Coolidge has returned to private life never lived in a double house.—Los Angeles Times.

It is the aim of the Anti-Saloon League to make Washington as dry as the Congressional Record.—Florida Times-Union.

Commander Byrd has picked out about the only solid South a good Democrat can find.—Arkansas Gazette.

Maybe if the Prohibitionists dry up Washington, the sessions of Congress will be shorter.—Indianapolis News.

Portes Gil, we read, is provisional president of Mexico. The provision being that no revolution succeeds.—Judge.

Queen Mary recently went shopping in a 10-cent store. Must be trying to establish her claim to the throne of Scotland.—Los Angeles Times.

America liked the installment plan so well that she extended the system to Europe so it could enjoy its wars by convenient payments.—Miami Herald.

A national election is impending in Mexico, but unfortunately it is not feasible for a newspaper to publish the names of all those who are running.—Chicago Daily News.

It is said that the government will open a new dry campaign in Chicago. It is not stated whether the old one has been closed or not.—Mobile Register.

Ambitious Oklahomans probably in the future wars will aspire to the office of lieutenant governor.—Louisville Courier-Journal.

Wouldn't it have been great had we but known in time that all that was needed to win the World War was the right brand of cigars?—Marion Star.

## We have equipment for proper spring lubrication---

Penetrating oil, put on with high pressure, making it a first-class job.

Prices reasonable! Makes the old cars ride like new, and the new ones better than ever.
